

Mikie Sherrill

Happy Valentine's Day! We started this program in an effort to thank you for your service and demonstrate the love and appreciation we have for veterans here in NJ-11. Your sacrifices and bravery do not go unnoticed. In Congress, I'm fighting for you. Your place in the NJ-11 community is invaluable. Our residents sent in messages to show their support for you. I hope you have a wonderful Valentine's Day and please know my office is always here for you.

Congresswoman Mikie Sherrill

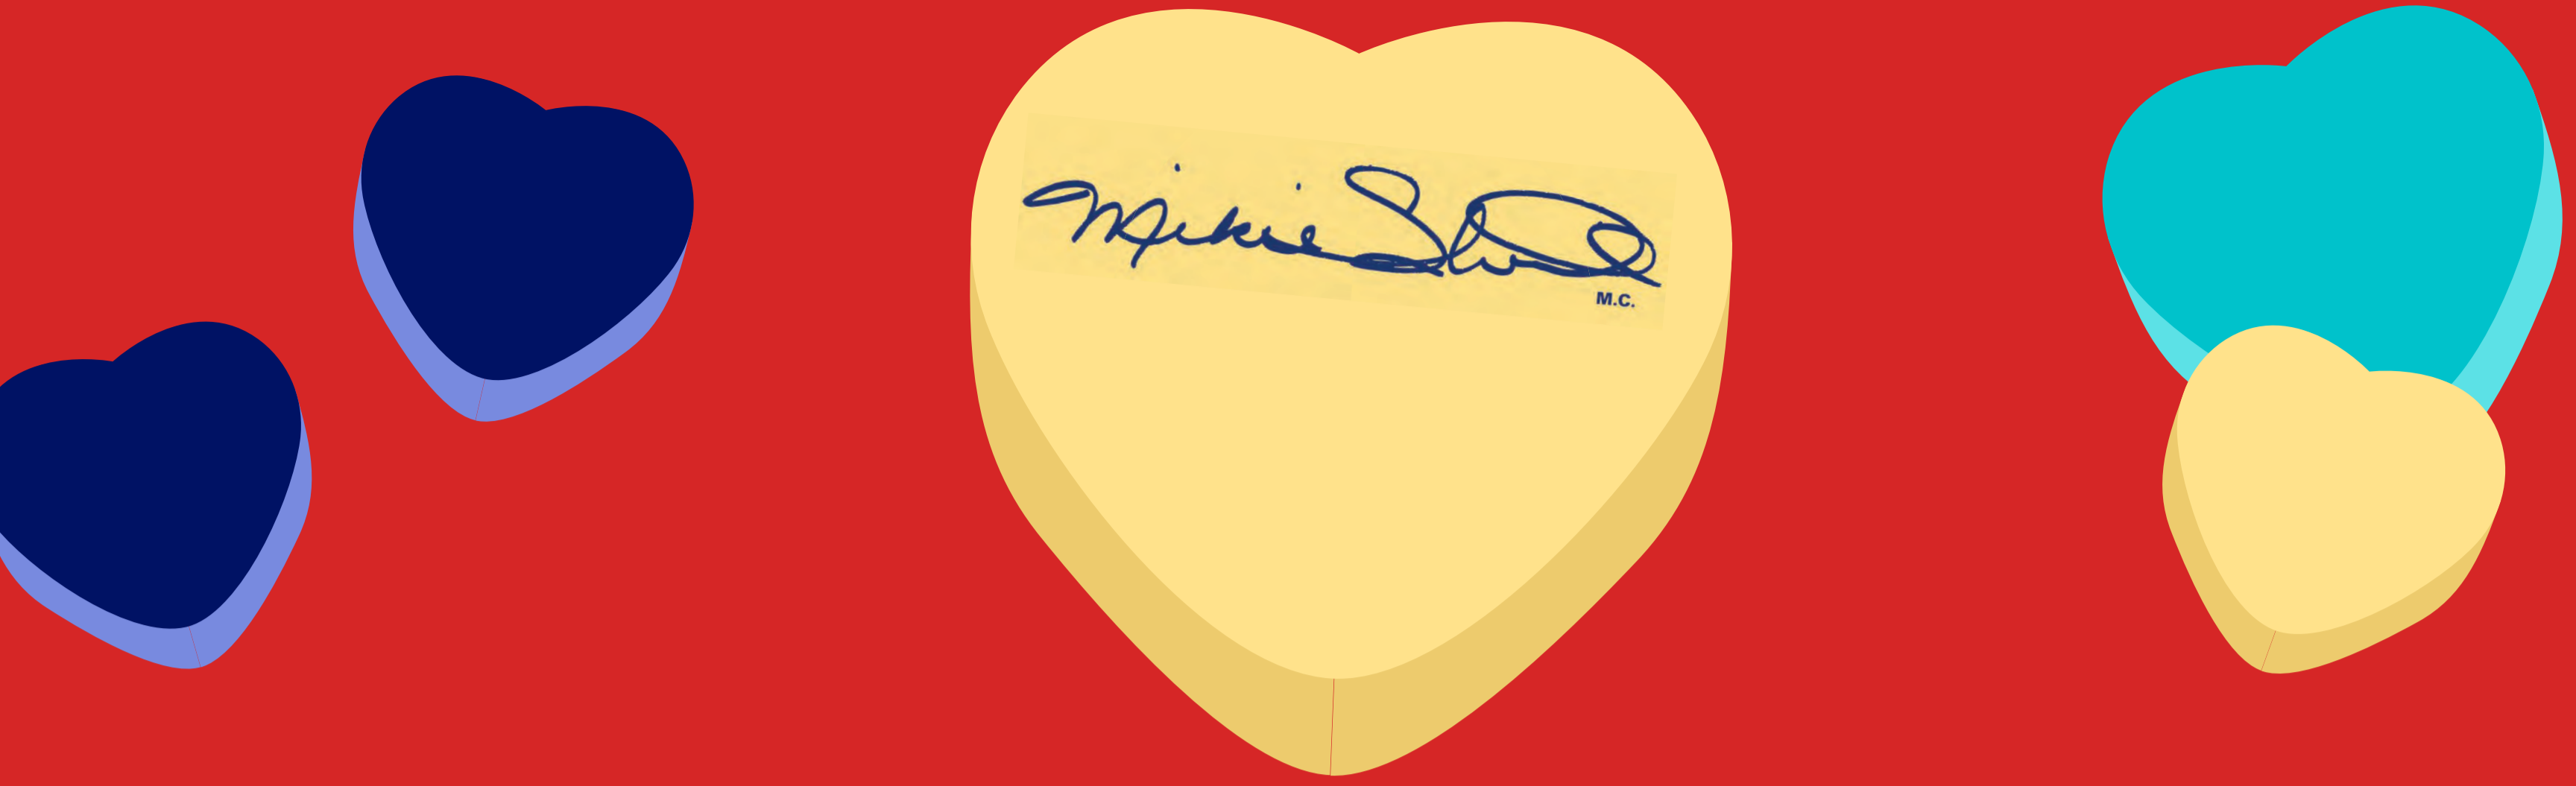

"Thank you to the local veterans whose hard work and dedication will never be forgotten. Some WWII veterans like my father remained in the US and other relatives and friends had much more challenging experiences. All US veterans from every era are remembered with gratitude and love, so I can safely live and work from home in NJ. Stay well."

Roberta, Whippany

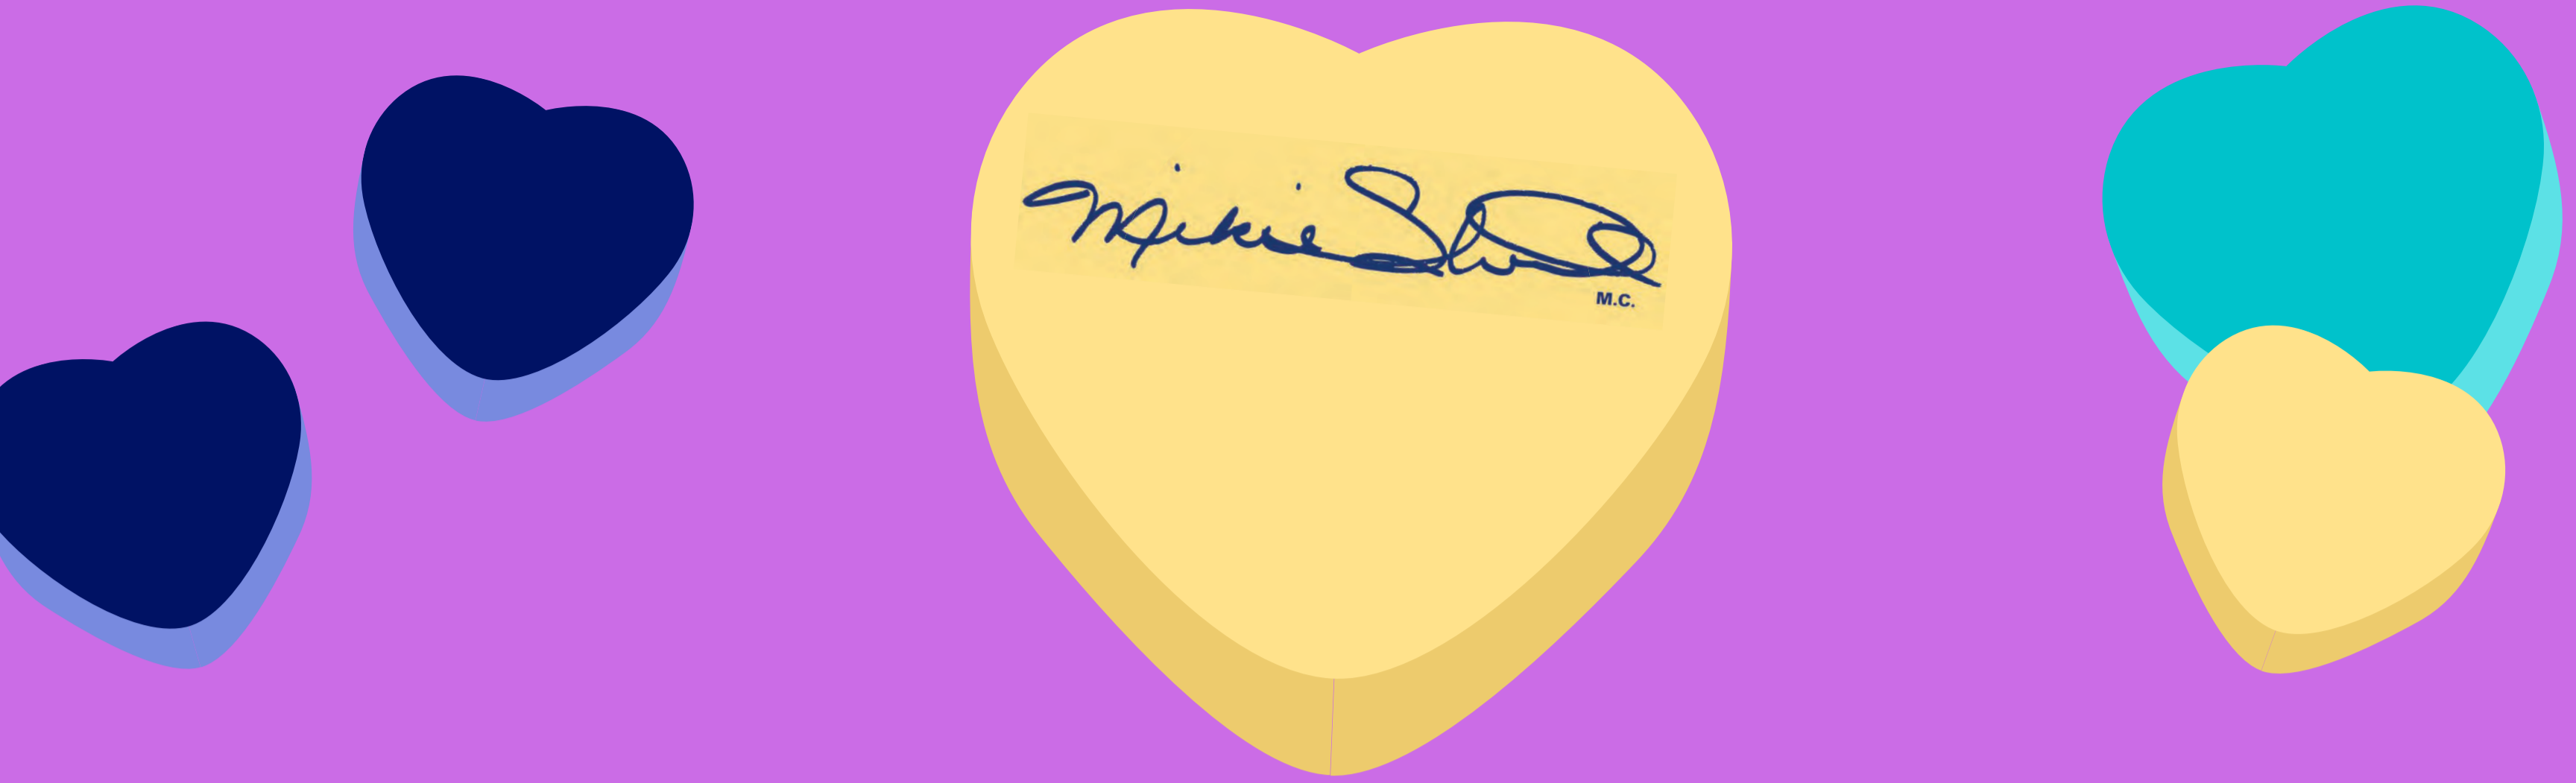

I would like to offer a heartfelt thank
you for your service to our country
and the sacrifice you made so we
could have a better life and safer
country.

Sending warm wishes for a Happy

Thank you G.I.'s for suffering, for
your country, the slings & arrows of
outrageous dangers and conditions.
As a Korean War vet, I have some idea
of your situation, but I think it's worse
than I experienced below the 38th
parallel as a non-flyer in the USAF.

Gene, Parsippany

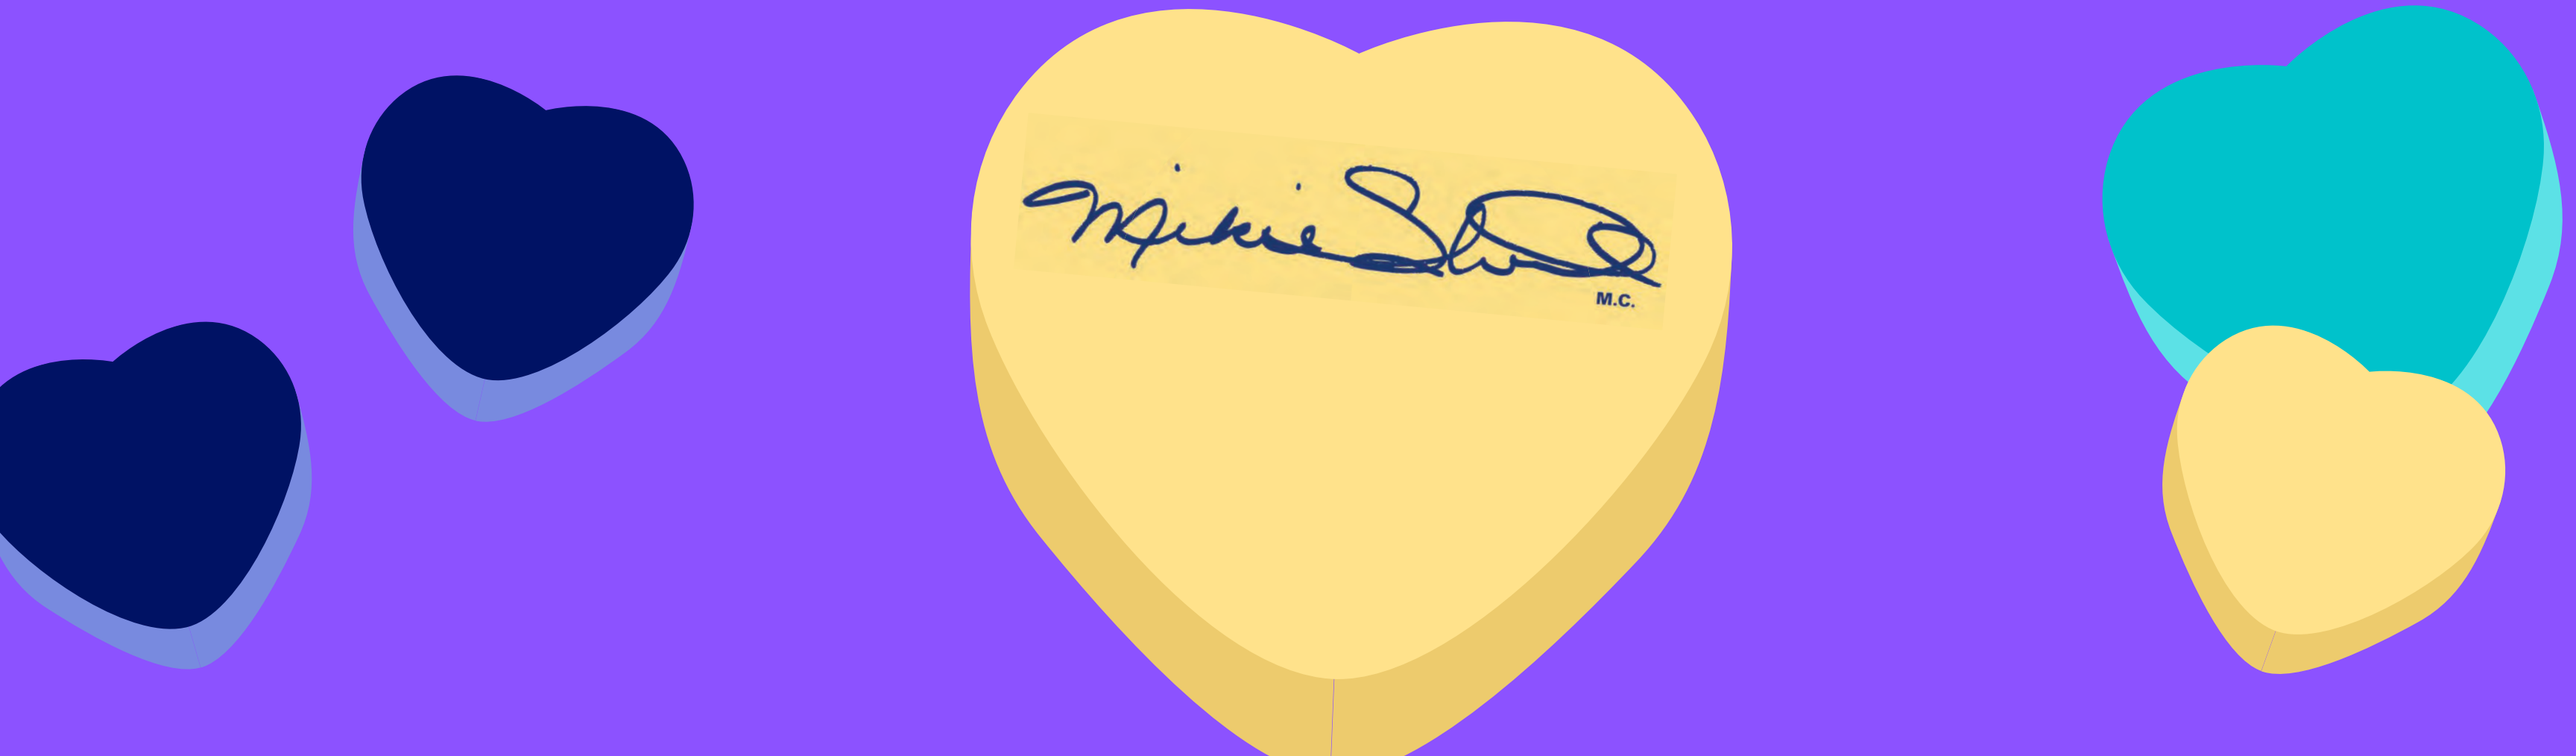

From the bottom of my heart, and
from a long line of veterans in my
family from World War II all the way
up to the Gulf war, thank you for

Valentine's Day!

At home in the 11th District, we are spending the week before Valentine's Day by physically distancing to remain Corona careful in a cold, snowy NJ while witnessing an impeachment trial that is providing an excellent history lesson. I am proud of our U.S. democracy and now more than ever, I am appreciative that you and the troops with you safeguard democracy for all of us. Thank you so much for stepping up to serve in the United States military. On Valentine's Day and always, may we love one another as we love ourselves such that you may safely complete your term of service to our country and return to NJ healthy and strong.

You are loved every day of the year-especially at Valentine's Day! I send love and gratitude not just for your role in fighting to keep America and her liberties safe but also for the sacrifices YOU and your family made-the birthdays spent away from home, the children or spouse you could not kiss good night-the July days when you were cold far from home and the vacations by the shore when you were far away from the Bar BQ freezingthe days when you just wanted to be home- We honor your love of Country so very much-You have my word that I honor this Love EVERY work day since I work as a teacher. Know when I teach my students that I teach them not just about the dates of World War II, Korea, Vietnam, Desert Storm but the sacrifice and character you display in times of peace, the meaning of service and the 24/7 365 days a year commitment that you made -God Bless You and Happy Valentine's Day

To a local veteran:

My best wishes for your health and happiness on Valentine's Day. Please know that your service is appreciated, whether you were on the battlefield, typing reports, or making sure that others were fed + housed while serving. Every minute of every day you spent in service was devoted to others. As a veteran, you should be proud of your time served and you should keep the positive memories of your service in your heart.
